**HERNANDO/CITRUS MPO
TRANSPORTATION IMPROVEMENT PROGRAM
(FISCAL YEARS 2017 THROUGH 2021)
ENDORSEMENT**

This document was prepared by the Hernando/Citrus MPO Staff, in cooperation with the Florida Department of Transportation (FDOT) District Seven Office, Hernando County Transportation Services, the Citrus County Engineering Division, the City of Brooksville, the City of Crystal River, and the City of Inverness.

The Hernando/Citrus Metropolitan Planning Organization (MPO), at its regular meeting on June 21, 2016, endorsed the FY 2017 through FY 2021 Hernando/Citrus Transportation Improvement Program (TIP)

Further, it is hereby certified that the planning process of the Hernando/Citrus Area Transportation Study is being carried on in conformance with the provisions of 23 C.F.R. 450, 23 U.S.C. 134, and 339.175 (7) F.S.

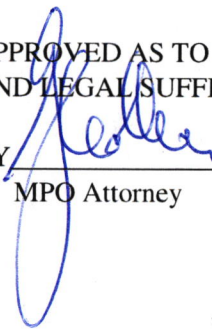

This certification determination is being made on the basis of an in-depth review, utilizing a checklist provided by FDOT and covering all aspects of the transportation planning process in the Spring Hill Urbanized Area, the Homosassa Springs Beverly Hills-Citrus Springs Urbanized Area, and the rest of Hernando County and Citrus County.

Robert Battista, Chairman
Hernando/Citrus MPO

MPO Attorney

Introduction

HERNANDO/CITRUS MPO TRANSPORTATION IMPROVEMENT PROGRAM (TIP)

INTRODUCTION

The Hernando/Citrus Transportation Improvement Program (TIP) is developed and updated annually as part of the Hernando/Citrus Area Transportation Study Certification Process. Preparation and maintenance of the TIP is one of several prerequisites to continued receipt of Federal Assistance for Transportation Improvements.

The TIP, a multimodal program consisting of improvements recommended from the transportation systems management and long-range elements of the Transportation Plan, is developed through a continuing comprehensive and coordinated effort involving the Florida Department of Transportation (FDOT). The FDOT's Five Year Construction Plan is the basic input source for the Strategic Intermodal System (SIS), National Highway System (NHS), non-NHS, and Mass Transit portions of the TIP. Data required for the balance of the TIP is assembled from input provided through the Technical Advisory Committee, the Transportation Systems Operations Committee, the Bicycle/Pedestrian Advisory Committee, and the Citizens Advisory Committee.

Purpose

It is the purpose of this narrative to provide information to the Federal Highway Administration (FHWA) on the Transportation Improvement Program (TIP) development process which:

- Depicts the Hernando/Citrus MPO's priorities for the expenditure of federal funds for major funding categories by state fiscal year;
- Identifies all modes of transportation projects within the metropolitan areas to be funded via Title 23 U.S.C. and the Federal Transit Act;
- Demonstrates that the TIP is financially feasible; and
- Provides assurance to the FHWA that the project selection process has been carried out in accordance with federal requirements (23 C.F.R. 450).

The contents of this document include a brief description of the project selection process that was used for the development of the Hernando/Citrus MPO Transportation Improvement Program (TIP). The projects included as part of the TIP State Work Program represent FY 2017 – FY 2021 for the purpose of fulfilling federal requirements.

Financial Plan

The federally funded projects contained within the TIP are financially constrained for each year of the program. Current and proposed Federal, State and locally dedicated revenue sources are reliable and provide a high level of assurance that the Tentative Work Program will be fully implemented. The FDOT is especially committed to the funding and production of all projects in the first three years of its Tentative Work Program.

Project Selection Process

The federally funded projects included within this Transportation Improvement Program were selected in accordance with Title 23, CFR 450.330(b). The outcome of this project selection process between the Florida Department of Transportation (FDOT), Federal Highway Administration (FHWA), Federal Transit Administration (FTA), the Hernando/Citrus MPO, the Community Transportation Coordinator (CTC), and the municipalities within the urbanized area of the MPO resulted in the adoption of a State of Florida Department of Transportation Five Year Work Program for FY 2016 through 2020. Projects funded by Title 23 and Title 49 funds and all regionally significant projects in this TIP reflect year of expenditure (YOE) costs based on the year in which funding is anticipated to be available consistent with the requirements of 23 CFR Part 450.324(a) and 339.175(8), F.S.

Components of this process include project prioritization by the MPO, the FDOT Tentative Work Program public hearing, and local government project review. A brief description of each of these components includes:

- Project Prioritization by the MPO - The MPO, working through its Technical Advisory, Bicycle/Pedestrian Advisory, and Citizens Advisory committees (a part of the public involvement process) prioritized projects on the State Highway System based upon necessity of project construction. Prioritization includes a technical analysis of State maintained roadways considering such variables as level of service, cost of upgrading the facility, and project connectivity with the existing roadway system.
- Florida Department of Transportation (FDOT) Tentative Work Program Public Hearing - The State DOT held an annual public hearing on December 16, 2014 on its Tentative Work Program whereby local governments, the MPO, and the public were provided opportunity to review and comment on the work program prior to its adoption. This public hearing process enabled the FDOT to work with the MPO on project selection prior to Final State Work Program adoption.

- Local Government Project Review - As part of the local adoption of the Hernando/Citrus MPO Transportation Improvement Program, the process nominally includes a public hearing, as well as review by the Technical Advisory, Transportation Systems Operations, and Citizens Advisory committees. The TIP adoption process enables a project prioritization selection to be completed by the MPO, adequate funding to be anticipated, and project phasing to be developed.

Project Consistency with Local Plans

The project selection process used for adoption of the Hernando/Citrus MPO TIP is based upon the requirements of the Federal surface transportation legislation of 2015, Fixing America's Surface Transportation FAST Act. These requirements include development and adoption of the first three years of the TIP, representing fiscal years 2017, 2018 and 2019 for the FDOT State Work Program.

Regarding project selection, the adopted Hernando/Citrus TIP is consistent with the following FHWA work program development requirements:

- Only major categories of federal funding are included within the TIP.
- The federally funded projects within the TIP have been reviewed and found to be consistent with the MPO priorities as determined through the project selection process.
- The projects selected for the Hernando/Citrus TIP are consistent with the Florida Department of Transportation's adopted Work Program; the Brooksville-Tampa Bay Regional, Crystal River and Inverness Airport Master Plans, the Hernando/Citrus MPO 2040 Long Range Transportation Plan, the FY 2015-2024 Hernando County Transit Development Plan, and the adopted comprehensive plans of the six affected local governments, which include Hernando County, Citrus County, the City of Brooksville, the City of Crystal River, the City of Inverness, and the City of Weeki Wachee.
- Based upon the project selection process and anticipated funding levels between the FDOT, the FHWA, and the FTA, the federal funds are reasonably expected to be available for all projects within the Transportation Project Listings.

Annual Listing of Projects

Pursuant to the provisions of 23 U.S.C. 134 (j)(7)(B) and 49 U.S.C. 5303(c)(5)(B), and Subsection 339.175 (7) (h), F.S., the MPO has published an annual listing of projects for which Federal funds have been obligated in the preceding year. These projects are summarized on pages 82 through 83 and on the MPO's website at www.HernandoCitrusMPO.us, under TIP in the Programs and

Additionally, for greater public access, links for excerpts to the List of Priority Projects, a map of the Priority Projects, and the Transportation Alternatives Project List are provided below the main document.

Project Priority Statement

The development of the FDOT Final Work Program includes those projects approved by the MPO within the List of Priority Projects (LOPP). The LOPP's Major Improvement Program, Congestion Management Process and Transportation Alternatives (TA) categories contain projects that are considered of highest priority for improvement by the MPO and its advisory committees. The criteria for the ranking of transportation projects include: existing and projected facilities levels of service; safety considerations; anticipated funding levels; ability to complete the project; and overall modal performance and system connectivity. Consistent with federal requirements and the LRTP, the prioritization process begins with the recommendations of the MPO's advisory committees. Facility specific projects are ranked consistent with the prioritization of the major transportation corridors within the MPO's jurisdiction. The MPO then holds at least one public meeting prior to the TIP adoption.

Major Projects

The following Major Capacity and Transportation Alternative projects were initiated or scheduled for production in FY 2016:

HERNANDO COUNTY

- **Suncoast Parkway 2** (US 98 to Hernando/Citrus County Line) – 4 lane **Construction**
- **SR 50 Bypass** (Cobb Rd. to US 41) – 6 lane **Preliminary Engineering** (2016)
- **SR 50** (Lockhart Rd. to E. of Remington Rd.) – 6 lane **Preliminary Engineering**
- **SR 50** (Windmere Rd. to US 98/McKethan Rd.) – 6 lane **Environmental**
- **SR 50** (US 98 to US 301) - 4 lane **Environmental**
- **County Line Road/Mariner Blvd. intersection** (Spring Time St. to E. of Mariner Blvd.) – 4 lane **Right-of-Way**
- **Ayers Road Extension (CR 576)** (Suncoast Parkway to US 41) – 4 lane **Right-of-Way**
- **I-75** from Pasco/Hernando County Line to N. of SR 50 – 6 lane **Right-of-Way**
- **I-75** from Pasco/Hernando County Line to S. of SR 50 – 6 lane **Design Build**
- **I-75 Interchange** (S. of SR 50 to N. of SR 50) – 6 lane **Utilities**
- **I-75** (N. of SR 50 to Hernando/Sumter County Line) – 6 lane **Preliminary Engineering**
- SR 50 Bypass from Cobb Rd. To US 41 – Preliminary Engineering (6 lanes)
- **SR 50 Bypass** (W. of Buck Hope Rd. to E. of Jefferson St./Jasmine Dr. – 6 lane **Preliminary Engineering**
- **Good Neighbor Trail** (Weatherly Rd. to Withlacoochee State Trail) – **Construction**
- **Good Neighbor Trail Connector** (Suncoast Pkwy to W. Terminus of GNT) – **Alignment Study**
- **Howell Av. sidewalk** (Ft. Dade Av. to N. of Irene St.) – **Construction**

- **Exultant Dr. sidewalk** (Pacific Av. to Lake in the Woods Dr.) – **Construction**
- **Deltona Blvd. sidewalk** (S. of Founder Rd. to Philatelic Dr.) – **Design**
- **Quality Dr./Medical Blvd. sidewalk** (Mariner Blvd to Farnsworth) – **Design**

CITRUS COUNTY

- **US 19** (Jump Ct. to W. Fort Island Trail) – 6 lane **Right-of-way**
- **US 19** (W. Green Acres St. to Jump Ct.) – 6 lane **Design**
- **US 19** (Cardinal St. to Green Acres St.) - 6 lane **Environmental**
- **US41/SR 44** (SR 44 to Cherry Av.) – **Resurfacing**
- **US 41** (SR 44 to E. Arlington St.) - 4 lane **Right-of-way** (partial)
- **US 41** (E. Arlington St. to SR 200) - 4 lane **Right-of-way** (partial)
- **CR 491** (Laurel St. to S. of Audubon Park Path) – 4 lane **Construction**
- **Suncoast Parkway 2** (Citrus/Hernando County Line to S. of W. Grover Cleveland Blvd.) – 4 lane **Construction**
- **Suncoast Parkway 2** (S. of W. Grover Cleveland Blvd to SR 44) – 4 lane **Construction**
- **CR490A Halls River Rd.** – **Bridge Replacement**

New Major Capacity and Transportation Alternative projects programmed to begin FY 2017-2021 include:

HERNANDO COUNTY

- Barclay Av. at S.R. 50 intersection turn lanes – Construction
- **County Line Road/Mariner Blvd. intersection** (Spring Time to E of Mariner Blvd.) – 4 lane **Construction** (2017)
- **Ayers Road Extension (CR 576)** (Suncoast Parkway to US 41) – 4 lane **Construction** (2019)
- **SR 50 Bypass** (Cobb Rd. to US 41) – 6 lane **Right-of-Way** (2018-19)
- **SR 50 Bypass** (W. of Buck Hope Rd. to E. of Jefferson St./Jasmine Dr. – 6 lane **Right-of-Way** (2021)
- **SR 50** (Lockhart Rd. to E. of Remington Rd.) - 6 lane **Construction** (2020)
- **SR 50** (Windmere Rd. to US 98/McKethan Rd.) – 6 lane **Construction** (2019)
- **SR 50** (US 98 to US 301) – 4 lane **Construction** (2019)
- **Shoal Line Blvd. sidewalk** from Richard Drive to CR 550 – **Construction** (2017)
- **Deltona Blvd. sidewalk** (S. of Founder Rd. to Philatelic Dr.) – **Construction** (2018)
- **Deltona Blvd. sidewalk** (Spring Hill Dr. to Begonia St.) – **Construction** (2021)
- **Explorer K8 School sidewalks** – **Construction** (2019)
- **JD Floyd Elementary School sidewalk** – **Construction** (2019)
- **Linden Dr. sidewalk** (Coronado Dr. to Spring Hill Dr.) – **Construction** (2012)
- **Powell Rd. sidewalk** (Spring Park Way to W. of California St.) – **Construction** (2018)
- **Spring Hill Elementary School sidewalks** - **Construction** (2017)

- **Westside Elementary School sidewalk - Construction (2020)**
- **Quality Dr./Medical Blvd. sidewalk (Mariner Blvd to Farnsworth) – Construction (2018)**
- **Brooksville Elementary sidewalk – Construction (2020)**

CITRUS COUNTY

- **US 19 (Jump Court to W. Fort Island Trail) – 6 lane Construction (2018)**
- **US 19 (W. Green Acres St. to Jump Ct.) – 6 lane Contract Incentives (2016)**
- **US 41 (SR 44 to E. Arlington St.) - 4 lane Right-of-way (2017-21)**
- **US 41 (E. Arlington St. to SR 200) - 4 lane Right-of-way (partial 2021)**
- **Yulee Dr., Fishbowl Dr. sidewalk – Construction (2018)**

The MPO will need to identify to FDOT District Seven, early in the TIP development, those major projects for which information is needed.

Public Involvement

As previously noted, it is the policy of the Hernando/Citrus MPO to agenda public input at all of its meetings. The public participation process is outlined in the MPO’s Public Participation Plan which can be accessed at the following link: [Public Participation Plan](#) which was updated in September 2014. The Public Participation Plan outlines goals and objectives for actively engaging the public in its programs and processes to ensure transparency. In addition to the MPO providing a newsletter for the public, the Citizens Advisory Committee (CAC) is utilized to enhance public involvement throughout the planning process. As part of the 2040 Long Range Transportation Plan update, a series of stakeholder interviews and subsequent workshops were conducted in 2013 and 2014. The MPO website is routinely updated with relevant announcements and information.

The draft FY 2017 – 2021 Transportation Improvement Program was posted on the MPO’s website during the review process 30 days prior to adoption of the document by the MPO Board at its meeting on June 21, 2016.

Certification

In April 2014, Governor Rick Scott authorized the redesignation, planning area boundary expansion and reapportionment of the Hernando County MPO. The MPO participates in an annual joint-certification process with Florida Department of Transportation District 7 staff, the last of which concluded in May 2016.

*Five-Year
Federally Funded Projects*

HERNANDO/CITRUS MPO FIVE-YEAR FEDERALLY FUNDED PROJECTS

INTRODUCTION

This section of the Transportation Improvement Program (TIP) is based on input from the Florida Department of Transportation (FDOT). It incorporates all of the major bridge, highway, rail, intersection, maintenance, repair, reconstruction, replacement, and new construction projects currently programmed for accomplishment with State and/or Federal funds.

Specifically included are projects on the Interstate, National Highway System (NHS), and Strategic Intermodal System (SIS). Also included are projects on all other (non-interstate and non-NHS) categories of roads that needed to be highlighted.

The primary purpose of this section is to provide an indication of area priorities and the timings of countywide improvements projected for implementation for Surface Transportation Program (STP) and other non-local funds.

HSP	SAFETY (HIWAY SAFETY PROGRAM)		

FULL PROJECT COSTS AND OTHER PROJECT DETAILS

Projects on the Strategic Intermodal System (SIS)

The normal project production sequence is to have a Project Development and Environment (PD&E) phase, a Design (PE) phase, a Right of Way (ROW) phase, and a Construction (CST) phase. Some projects may not have a ROW phase, if land is not needed to complete the project. Costs on the TIP pages for projects on the SIS will have historical costs, five years of the current TIP and five years beyond the current TIP, which may or may not be the total project cost. If there is no CST phase on the TIP page, then the entry will probably not be reflective of the total project cost. For some projects, such as resurfacing, safety or operational project, there may not be a total cost provided but rather additional details on that program.

The SIS is a network of high priority transportation facilities which includes the State’s largest and most significant commercial service airports, spaceport, deepwater seaports, freight rail terminals, passenger rail and intercity bus terminals, rail corridors, waterways and highways. All projects on the SIS will have a SIS identifier on the TIP page (see example TIP page below).

For costs beyond the ten year window, access to the Long Range Transportation Plan (LRTP) is provided. Access the LRTP Appendix D (Cost and Revenue Table) here: [2040 Long Range Transportation Plan](#). The LRTP reference on the TIP page provides the information necessary to locate the full project costs and/or additional details regarding the project in the LRTP (see example TIP page below). If there is no LRTP reference in the TIP, full project costs are provided in the TIP.

FY 2012/13 - 2016/17 TIP

Item Number: 410909 8		Description: I-75 (SR 93) FROM PASCO/HERNANDO CO/L TO 1.5 MILES N OF SR 50						*SIS*	
District: 7		County: HERNANDO			Type of Work: ITS FREEWAY MANAGEMENT

Non SIS Projects

The normal project production sequence is to have a Project Development and Environment (PD&E) phase, a Design (PE) phase, a Right of Way (ROW) phase, and a Construction (CST) phase. Some projects may not have a ROW phase, if land is not needed to complete the project. Costs on the TIP pages for projects not on the SIS will have historical costs and five years of the current TIP, which may or may not be the total project cost. If there is no CST phase on the TIP page, then the entry will probably not be reflective of the total project cost. For some projects, such as resurfacing, safety or operational projects, there may not be a total cost provided but rather additional details on that program.

Total project costs and other project details will be accessible in the TIP for all non SIS projects in the TIP. All projects not on the SIS will have a Non-SIS identifier on the TIP page (see example TIP page below).

For costs beyond the five year window, access to the Long Range Transportation Plan (LRTP) is provided. Access the LRTP Appendix D (Cost and Revenue Table) here: [2040 Long Range Transportation Plan](#). The LRTP reference on the TIP page provides the information necessary to locate the full project costs and/or additional details regarding the project in the LRTP (see example TIP page below). If there is no LRTP reference in the TIP, full project costs are provided in the TIP.

Transportation Alternatives Program

TRANSPORTATION ALTERNATIVES PROGRAM

INTRODUCTION

Federal transportation legislation provides specific set-aside funds designated for the construction of non-highway projects to enhance the quality of the local transportation system. The following Transportation Alternatives Program Priority (TAP) List depicts those projects which are eligible under the single funding source provided via that TAP. The projects listed below were selected through a ranking process. The Technical Advisory, Bicycle/Pedestrian Advisory, and Citizens Advisory committees suggested projects and provided comment on each project in relation to the overall goals, objectives, and policies of the comprehensive bicycle and pedestrian plans. It is noted that Citrus County TPO had a similar structure and process in the development of their priority list prior to the MPO's reapportionment. The MPO Board selected the final ranking of the projects, as shown on the attached Transportation Alternatives Priority List.

A small portion of Highway Trust Funds were earmarked for transportation alternative (TA) projects. TA funds are formula driven and allocated based on population. These funds cannot be expended on traditional highway construction projects. The new list of eligible projects which qualify for transportation alternative fund allocations include:

- 1) **Construction, planning, and design** of on-road and off-road trail facilities for pedestrians, bicyclists, and other non-motorized forms of transportation;
- 2) **Construction, planning, and design of infrastructure**-related projects and systems that will provide safe routes for non-drivers, including children, older adults, and individuals with disabilities to access daily needs;
- 3) **Conversion and use of abandoned railroad** corridors for trails for pedestrians, bicyclists, or other non-motorized transportation users;
- 4) **Construction of turnouts, overlooks, and viewing area;**
- 5) **Community improvement activities**, including—
 - inventory, control, or removal of outdoor advertising;
 - historic preservation and rehabilitation of historic transportation facilities;

- vegetation management practices in transportation rights-of-way to improve roadway safety, prevent against invasive species, and provide erosion control; and
- archaeological activities relating to impacts from implementation of a transportation project eligible under 23 USC;

6) **Any environmental mitigation activity**, including pollution prevention and pollution abatement activities and mitigation to—

- address stormwater management, control, and water pollution prevention or abatement related to highway construction or due to highway runoff; or
- reduce vehicle-caused wildlife mortality or to restore and maintain connectivity among terrestrial or aquatic habitats.

Appendix

HERNANDO/CITRUS MPO STATE HIGHWAY SYSTEM LIST OF PRIORITY PROJECTS

It is the policy of the Hernando/Citrus MPO that the following projects on the State Highway System should be implemented consistent with the attached List of Priority Projects, which were approved by the MPO Board on June 25, 2015.

The MPO recognizes that actual construction dates will be a function of:

- 1) project development activities completed to date;
- 2) the complexity of the project development activities; and
- 3) available funding by eligible funding categories.

However, all efforts should be put forward to advance State highway projects with the following priority sequence:

The following List of Priority Projects was developed for the purpose of providing the FDOT with a sequence of projects for advancement in their work program for the respective Urban Areas. These lists include projects on the State, County and City transportation networks, and must be considered flexible to respond to the results of the requested Corridor Studies, continuing technical evaluations, and public comment. It is the intent of the MPO to periodically reevaluate priority lists as appropriate.

HERNANDO/ CITRUS MPO MAJOR IMPROVEMENT PROGRAM FY 2017 - H '2021 LIST OF PRIORITY PROJECTS
