

FFY 2023 FDOT District 7 Section 5310 Grant Workshop

October 25, 2022

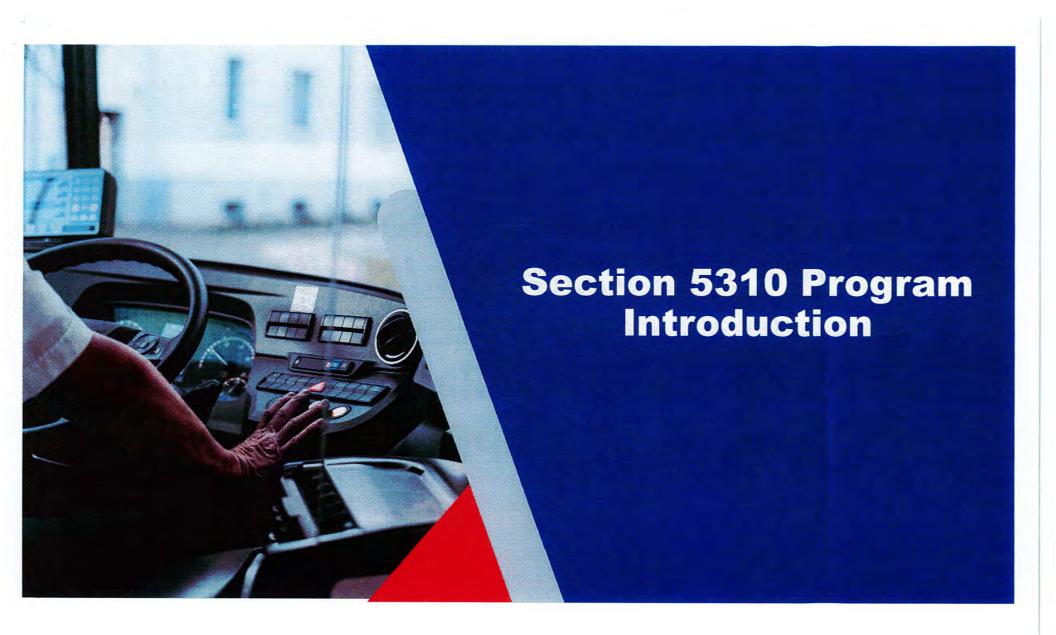

Agenda and Housekeeping

- Section 5310 Program Introduction
- Project Selection Process
- Grant Application Development
- Q & A

Program Purpose

To meet the mobility needs of seniors and individuals with disabilities where public transit services are unavailable, insufficient, or inappropriate

Eligible Recipients

- Community Transportation Coordinators (CTC)
- Public agencies (under contract with CTC)
- Private non-profit agencies (under contract with CTC)
- Private for-profit CTC contracted with the designated planning agency

FDOT Responsibilities

- 1. Announce funding availability
- 2. Select projects based on approved criteria
- 3. **Develop** and process agreements
- 4. Oversee sub-recipient procurement and compliance
- 5. Process sub-recipient invoices for reimbursement
- 6. Provide technical assistance

Agency Responsibilities

- 1. Preventative Maintenance
- 2. Invoicing the Department
- 3. Preparing for reviews
- 4. Providing eligible services
- 5. Communicating with the District

State Management Plan

- Plan overview
- Standard Operating Procedures
- Technical Assistance Resources and Templates

Compliance Areas

- Maintenance
- Single Audit
- Americans with Disabilities Act
- DBE Program
- Title VI
- Procurement

- Charter and School Bus
- Drug and Alcohol
- Reporting
- Safety and Security
- Financial
- Lobbying Certification
- Equal Employment Opportunity
- CTC and CTC Agreements

2019
State Management Plan Overview

Geography

Rural

0 to 49,999 **Population**

Small Urban

50,000 to 199,999 **Population**

Large Urban

200,000 + **Population**

Capital Projects

- Replacement of vehicles
- Expansion of fleet
- Related vehicle equipment (cameras, lifts, radios, etc.)
- Preventative maintenance
- Leasing of vehicles (Capital)
- Bus shelters and bus stop signage
- Shop equipment
- Security equipment
- Mobility management

5310

Capital

For the Enhanced Mobility of Seniors & Individuals with Disabilities

Capital

80% Federal

10% State

10% Local

Operating Projects

- Operating funds to provide transportation to seniors and individuals with disabilities beyond the complementary paratransit requirements from the ADA of 1990
 - Salaries
 - Fringe Benefits
 - Services (legal, financial, etc.)
 - Fuel

Operating Expenses For the Enhanced Mobility of Seniors & Individuals

with Disabilities

Operating

50% Federal

50% Local

5310 Program Performance Measures

- Part of the Annual Certifications package
- Impact funding decisions

Capital/Traditional Awards

- Performance Measures:
 - Gaps in service filled
 - Ridership

MEASURE	AS OF JANUARY 1, 2017	AS OF DECEMBER 31, 2017
QUANTITATIVE: Number of individual senior and disabled clients (unduplicated) PER YEAR.		
QUALITATIVE: Discuss any impacts to the quality of transportation options provided to seniors and individuals with disabilities not captured above.		

MEASURE	AS OF JANUARY 1, 2017	AS OF DECEMBER 31, 2017
QUANTITATIVE: Number of one-way		
trips provided to seniors and		
individuals with disabilities PER YEAR		
QUALITATIVE: Discuss any impacts to		
the quality of trips provided to		
seniors and individuals with		
disabilities not captured above.		

5310 Program Performance Measures

Operating/Nontraditional Awards

- Performance Measures:
 - Gaps in service filled
 - Service improvements
 - Ridership
 - Other Improvements

MEASURE	AS OF JANUARY 1, 2017	AS OF DECEMBER 31, 2017
QUANTITATIVE: Total fleet vehicle miles traveled to provide service to seniors and individuals with disabilities.		
QUANTITATIVE: Total square miles of transportation service coverage.		
QUANTITATIVE: Number of days that vehicles are in operation to provide service to seniors and individuals with disabilities PER YEAR.		
QUANTITATIVE: Number of hours of service AVERAGE PER DAY.		
QUANTITATIVE: Posted hours of normal operation agency provides service to seniors and individuals with disabilities PER WEEK (this does not include non-scheduled emergency availability).	M – F: Saturday: Sunday: Total (WEEK):	M – F: Saturday: Sunday: Total (WEEK):
QUALITATIVE: Discuss any impacts to the quality of your agency's transportation service not captured above.		

Risk Assessment

- Financial stability
- Management systems quality
- History of performance
- Audit reports and findings
- SAM.gov check

Section 5310 Evaluation Criteria (Old)

Previous

- Scaled against all other current applicants within the District
- More applicant service characteristics data entry requirements

FTA SECTION 5310 GRANT PROGRAM EVALUATION CRITERIA/SCORE SHEET

AGENCY:		
PONTS	CATEGORY	SCORE
1. SERVICE	EFFICIENCY & EFFECTIVENESS	
1-5	Current System Description / Calculated Values Table / Value For "Annual Hours of Service"

Need Assessment

- Financial Need
- Service Gaps

	General			
POINTS	CATEGORY	SCORE		
1. Proje	ect Description			
40	Based on review team member assessment of project merit and district project priorities.			
2. Need	d Assessment			
15	Financial Need: Based on the review of the agency's budget and other factors outlined in scorecard criteria.			
5	Service Gaps: Based on identified supply and demand for transportation service to 5310-eligible populations in the project area (GIS web map).			
60	(SUBTOTAL)			

Section 5310 Evaluation Criteria (cont'd)

TRADITIONAL			
POINTS	CATEGORY	SCORE	
1. Project Merits -	New Sub-Recipients Only		
0 - 30	Category only used if the applicant does not current provide transportation services. Agency cannot gain points on performance measures.		
2. Section 5310 Pe	rformance Measures		
0 - 20	Gaps in Service Filled: Provision of transportation options that would not otherwise be available for seniors and individuals with disabilities measured in numbers of seniors and people with disabilities afforded mobility they would not have without program support as a result of the traditional Section 5310 project		
0 - 20	Ridership: Actual or estimated number of rides (as measured by one-way trips) provided annually for individuals with disabilities and seniors on Section 5310–supported vehicles and services as a result of the traditional Section 5310 project		
40	(SUBTOTAL)		

NONTRADITIONAL			
POINTS	CATEGORY	SCORE	
1. Project Me	rits - New Sub-Recipients Only		
0 - 30	Category only used if the applicant does not current provide transportation services. Agency cannot gain points on performance measures.		
2. Section 53	10 Performance Measures		
0 - 20	Service/Physical Improvements: Increases or enhancements related to geographic coverage, service quality, and/or service times that impact availability of transportation services for seniors and individuals with disabilities Service improvements may also be predicated by projects designed to provide Physical Improvements: Additions or changes to physical infrastructure (e.g., transportation facilities, sidewalks, etc.), technology, and vehicles that impact availability of transportation services for seniors and individuals with disabilities		
0 - 20	Ridership: Actual or estimated number of rides (as measured by one-way trips) provided annually for seniors or individuals with disabilities on Section 5310 supported vehicles and services		
40	(SUBTOTAL)		

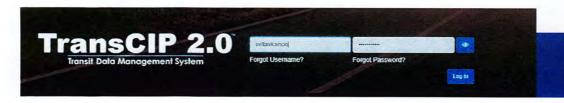

Web-based and Excel Form Grant Application

TransCIP 2.0

- FDOT Grant Application submittal platform
- Asset Inventory

Excel Based Form Updates

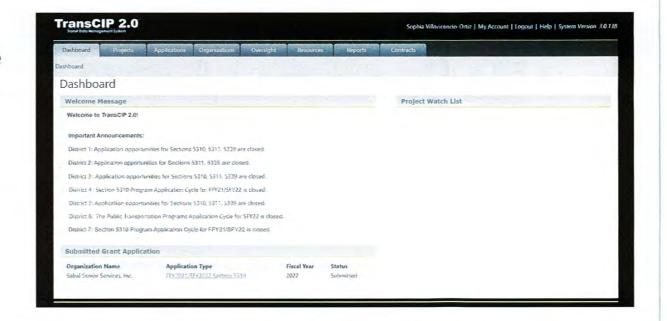

- Drop-downs for contact information
- New tabs for each project

Project Development in TransCIP

- The budget in TransCIP should be consistent with the budget provided within the application (Excel workbook)
- TransCIP 2.0 access

Application Best Practices

- Begin early
- Fill out the application in its entirety
- Coordinate with your District Project Manager
- Address all evaluation criteria

Applicant Pre-Screening Survey

Federal Transit Administration Section 5310 Enhanced Mobility of Seniors and Individuals with Disabilities

Applicant Screening Guidance

Florida Department of Transportation (FDOT) District offices are responsible for selecting subrecipients for federal transit programs. One of the programs in which individual districts make funding decisions is the Federal Transit Administration (FTA) Section 5310 Enhanced Mobility of Seniors and Individuals with Disabilities Program, which aims to improve mobility for seniors and individuals with disabilities by removing barriers to transportation services and expanding transportation mobility options. The first step in selecting subrecipients to receive Section 5310 funds is to determine which agencies qualify for the program through service to eligible populations. This guidance document presents a screening method to aid District staff in making this determination.

Screening Purpose

FDOT Central Office has created an eligibility questionnaire intended to help districts identify agencies that meet the basic eligibility requirements of the Section 5310 program. The linked 10question survey below is on the Microsoft Forms platform and should be distributed to prospective Section 5310 subrecipients for completion. The table below refers to each survey question by number and provides guidance for the Districts to consider when reviewing responses.

Microsoft Forms Screening Survey: https://forms.office.com/g/HqTtkkubvf

Provided in this link is access to results of the survey, please do not provide this link to external agencies:

https://forms.office.com/Pages/DesignPageV2.aspx?subpage=design&FormId=Xd4h25y8DEKPP4 81-Fta2o2yv6CgWCFGrEgwLkz-

2hdUQzdaSIVCSIExWTFGSjhQWTBZN0FLMTRYWi4u&Token=f994aaa7684e4dbb8bd85dc1b050f bdd

Question		District Guidance	
1.	Enter Agency Name:	Provides the agency's name.	
2.	Agency Point of Contact and Associated Email Address:	This question asks the agency to provide contact information that may be used to gather any further information not captured in the applicant screening.	

3.	Describe your agency's mission statement:	This prompt provides insight into the agency's stated goals as well as the communities they serve. Ideally, agencies should identify seniors and/or individuals with disabilities somewhere within their mission statement. If neither group is mentioned in the mission statement, the agency should be examined in greater detail to determine the manner and extent to which they serve seniors and individuals with disabilities.
4.	What is your agency's process for determining eligibility for services:	This question request that the agency explains how individuals are selected for qualifying service. The federal circular defines disability as a physical or mental impairment that substantially limits one or more of the major life activities of an individual. Agencies have various methods for determining eligibility for disability-related programs and services, which often require an application qualification process.
		The ability to move with and without mobility aids, the ability to wait a certain period of time, and the ability to travel a certain number of blocks may be used to assess eligibility. In-person interviews and medical assessments may be required. Districts should look for fair processes that can reliably confirm disability status. Agencies that do not attempt to confirm disability status or place an undue burden on applicants should be removed from consideration. For agencies specializing in services for seniors, eligibility should be limited to those who are 65 years and older.
5.	Is your agency considered a 501(c)3 nonprofit organization?	501(c)3 organizations are the ideal recipients of Section 5310 funds. This is especially true as one of the main goals of the Section 5310 program is to reduce the strain on public paratransit providers.
6.	Are all of the individuals served by your agency considered seniors (Ages 65+)?	If the agency answers "yes" to this question, this means that the population it serves qualifies under Section 5310.
7.	If no to Question 6, please enter the percentage of seniors served by your agency:	If the agency responded "no" to question 6, the form will lead them to this question. Since not all of the agency's clients are considered seniors, it is important to note and examine what proportion of the individuals served are seniors.
8.	Are all of the individuals that you serve considered people with disabilities?	If the agency answers "yes" to this question, this means that the population it serves qualifies under Section 5310.
9.	If no to Question 8, please enter the percentage of individuals with disabilities served by your agency:	If the agency responded "no" to question 8, the form will lead them to this question. Since not all of the agency's clients are considered individuals with disabilities, it is important to note and examine what proportion of the individuals served are individuals with disabilities.
10.	What services does your organization provide to seniors and individuals with disabilities?	This question is intended to ensure that not only are seniors and individuals with disabilities served by the agency, but that transportation is one of the services provided. If other services are provided to these eligible groups, but no transportation services are provided or planned, the agency would not be a candidate to receive Section 5310 funds.

Thank you for your inquiry regarding the 5310 Transit Grant Program. This summary sheet provides a general outline to answer a few questions on the grant program, including where to find federal guidance.

Program Guidance - FTA Circular 9070.1G

https://www.transit.dot.gov/funding/grants/enhanced-mobility-seniors-individuals-disabilities-section-5310

Federal awards for funding or vehicles dispersed through this 5310 Grant program must be managed by a designated agency. The Florida Department of Transportation (FDOT) is the agency for Florida, and each local FDOT District is responsible for reviewing grant applications, awarding funding, and assisting with vehicle inspections, audits and grant administration. The FDOT is audited by the federal government on its administration of this program.

Key Participation and Oversight Requirements:

This is a federal grant program. Participation in the program requires administrative documentation such as participating in federal and state audits, on-site vehicle inspections, coordination with FDOT and other oversight agencies, financial/security audits and other actions conducted by FDOT. Use of vehicles or operating funding awarded under this program must be documented as to adherence to the 5310 program and to show the award is meeting the intent of types of trips or operating agreement in the agency's original grant application.

An agency must adhere to all requirements or risk that awarded vehicle(s) or operating funding can be revoked. FDOT can transfer a vehicle or stop operating funding reimbursement at any time if state and federal maintenance or audit requirements are not followed. All vehicles remain under ownership of the FDOT until they have met their useful life. An agency will be required to fund all maintenance of the vehicle(s) and automobile insurance at the expense of the agency.

Please be aware this program is not recommended for immediate transit service needs, but for longer-term service support. For example, If awarded a vehicle(s), delivery could range from three months up to twelve months or more based on the need of the agency. Operating funds generally can take up to nine months before the funds are made available for reimbursement.

Purpose of 5310 Grant Funds

To provide funding for transit providers/agencies providing transportation for seniors and persons with disabilities.

- Who is a senior under this program? An individual who is 65 years of age or older.
- Who is a person with a disability under this program? A person with a disability (for this this program specifically) is as a person who has a physical or mental impairment that substantially limits one or more major life activities.
- What is <u>not</u> allowed under this program? This program is not intended to serve day care transportation, school
 or after school trips, charter service, financial hardship transportation or the typical Transportation Disadvantaged
 (TD) trips (e.g. Medicaid, Kidney Dialysis). Other federal, state or local programs may be providing these types of
 trips in your area and should be explored for assistance.

Eligible Applicants

Private nonprofit organizations, state or local government authorities, operators of public transportation and Community Transportation Coordinators (CTC).

Typical Project Requests

Primarily vehicles and related equipment, mobility management and travel training.

Vehicles

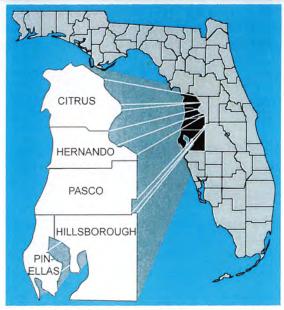

An award of a vehicle(s) requires a local match of 10 percent of the purchase price of the vehicle, payable upon delivery. An agency must carry adequate insurance to cover all incidents, and is responsible for all maintenance and repairs to the vehicle at the expense of the agency. The vehicle(s) continues to be owned by FDOT until the vehicle(s) reaches its useful life as determined by FDOT.

The Application Process

Section 5310 applications are due in January of each year using FDOT's automated grant application process through TransCIP. The January deadline will be provided at the training held in the fall, and late applications are not considered. Federal funding is awarded annually and the budget changes each year. This is a competitive grant program and needs often exceed available funding. A transit provider is required to show proof of match at the time an application is submitted.

The FDOT recommends an interested transit provider attend a training(s) each year on the process before an application is submitted. The training(s) are held at FDOT District Seven in Tampa, Florida or may be held on-line, when appropriate. Prior notice of any training(s) will be provided well in advance to allow time to schedule your staff to participate. The training is free and will provide a better understanding of the program, eligibility, auditing requirements, and assistance on completing the application. The FDOT will only award a vehicle(s) or operating funds based on qualified applicants and fully completed, comprehensive applications.

Map showing the five counties which make up FDOT District 7. From north to south the counties are Citrus, Hernando, Pasco, Pinellas and Hillsborough.

If you are interested in learning more about the 5310 grant program, please contact your FDOT District's 5310 grant administrator.

RatpDev USA

Hernando County Transit Management

The start of Mass Transit

The first public transit services was started in Paris France in 1662. The first public transit buses (Steam powered) were in London England in 1833

IMITED SHARING

The Start of The Bus Hernando County

Prior to The Bus, the only public transportation available in Hernando County was a tourist bus company The Brooksville Shuttle, and the Hernando Paratransit company, which were privately owned. On October 28, 2002, service commenced on the Spring Hill Routes (Red and Blue) One week later on November 4, 2002, the (Purple Route) commenced, service further expanded with the additions of the (Green Route).

IMITED SHARING

Hernando County Transit Numbers

- 4 fixed routes. Purple, Green, Blue and Red.
- 7 buses daily to maintain (1) hour service on all routes.
- 2-3 ADA routes daily.
- 624,544 miles driven fixed route in 2022
- 126,302 fixed route passengers in 2022
- 90,970 miles driven ADA in 2022
- 7533 ADA passengers in 2022

Public Transportation Regulation

Federal

U.S Department of Transportation

Is responsible for planning and coordinating federal transportation projects.

Federal Transit Administration

Is responsible for conducting oversight activities to ensure that recipients of grants use the funds in a manner consistent with their intended purpose and in compliance with regulatory and statutory requirements.

Other agencies. Federal Highway Administration, Federal Motor Carrier Safety Administration, National Highway Traffic Safety Administration, Office of Motor Carrier Safety, National Transit Database.

State

Florida Deportment of Transportation

is the agency charged with the establishment, maintenance, and regulation of public transportation in the state of Florida

LIMITED SHARING

Hernando County Public Transit Funding

Hernando County fixed-route and ADA demand response service are funded by grants from the,

- Federal Transit Administration (FTA),
- Florida Department of Transportation (FDOT),
- And a required County match of local funding.
- Fare and advertising revenues partially offset the systems operating expenses and funding totals.

Eligible operating costs are reimbursed 50% by Federal grants, 25% by State grants, and 25% local funding match. Eligible capital costs are reimbursed at 100% by Federal grants.

Types of Public Transportation Management

Municipality

All operations are controlled and managed by the City, County, State, or Federal Government. All employees work for the municipality. All costs are budgeted and paid by the municipality.

(No RFP or Bid needed)

Management Contract

All operations are controlled by the municipality and managed by a contractor.

Employees may be municipality or contractor employees.

Upper management are employees of contractor.

All costs are budgeted and paid by the municipality.

A management fee is billed to the municipality.

(RFP and Bids required)

Operation Contract

All operations are controlled and managed by the contractor. (under direction of Municipality) All employees are contractor employees.

All cost are paid by the contractor and reimbursed by the municipality through a contracted rate.

Contract is overseen by Municipality (RFP and Bids required)

RFP= Request for Proposals.

YELLOW cells are NEVER Generated by Applying Authorized Rates

BLUE cells
Should be funds generated by rates in this spreadsheet

GREEN cells

MAY BE Revenue Generated by Applying Authorized Rate per Mile/Trip Charges

Fill in that portion of budgeted revenue in Column 2 that will be <u>GENERATED</u> through the application of authorized per mile, per trip, or combination per trip plus per mile rates. Also, include the amount of funds that are Earmarked as local match for Transportation Services and <u>NOT</u> Capital Equipment purchases.

If the Farebox Revenues are used as a source of Local Match Dollars, then identify the appropriate amount of Farebox Revenue that represents the portion of Local Match required on any state or federal grants. This does not mean that Farebox is the only source for Local Match.

Please review all Grant Applications and Agreements containing State and/or Federal funds for the proper Match Requirement levels and allowed sources.

GOLD cells

Fill in that portion of Budgeted Rate Subsidy Revenue in Column 4 that will come from Funds Earmarked by the Funding Source for Purchasing Capital Equipment. Also include the portion of Local Funds earmarked as Match related to the Purchase of Capital Equipment if a match amount is required by the Funding Source.

¹ Rate Base Adjustment Cell

¹Rate Base Adjustment Cell
If necessary and justified, this cell is where you
could optionally adjust proposed service rates
up or down to adjust for program revenue (or
unapproved profit), or losses from the <u>Actual</u>
period shown at the bottom of the
Comprehensive Budget Sheet. This is not the
only acceptable location or method of
reconciling for excess gains or losses. If
allowed by the respective funding sources,
excess gains may also be adjusted by
providing system subsidy revenue or by the
purchase of additional trips in a period
following the Actual period. If such an
adjustment has been made, provide notation in
the respective extanation area of the
Comprehensive Budget tab.

¹The Difference between Expenses and Revenues for Fiscal Year:

2021 - 2022

Once Completed, Proceed to the Worksheet entitled "Program-wide Rates"

Worksheet for Program-wide Rates

CTC: Mid Florida Commi Version 1.4

County: Hernando

1. Complete Total Projected Passenger Miles and ONE-WAY Passenger Trips (GREEN cells) below

Do NOT include trips or miles related to Coordination Contractors!

Do NOT include School Board trips or miles UNLESS......

INCLUDE all ONE-WAY passenger trips and passenger miles related to services you purchased from your transportation operators!

Do NOT include trips or miles for services provided to the general public/private pay UNLESS..

Do NOT include escort activity as passenger trips or passenger miles unless charged the full rate for service!

Do NOT include fixed route bus program trips or passenger miles!

Fiscal Year 2023 - 2024

Avg. Passenger Trip Length = 11.7 Miles

Once Completed, Proceed to the Worksheet entitled "Multiple Service Rates"

Vehicle Miles

The miles that a vehicle is scheduled to or actually travels from the time it pulls out from its garage to go into revenue service to the time it pulls in from revenue service.

Vehicle Revenue Miles (VRM)

The miles that vehicles are scheduled to or actually travel while in revenue service. Vehicle revenue miles exclude:

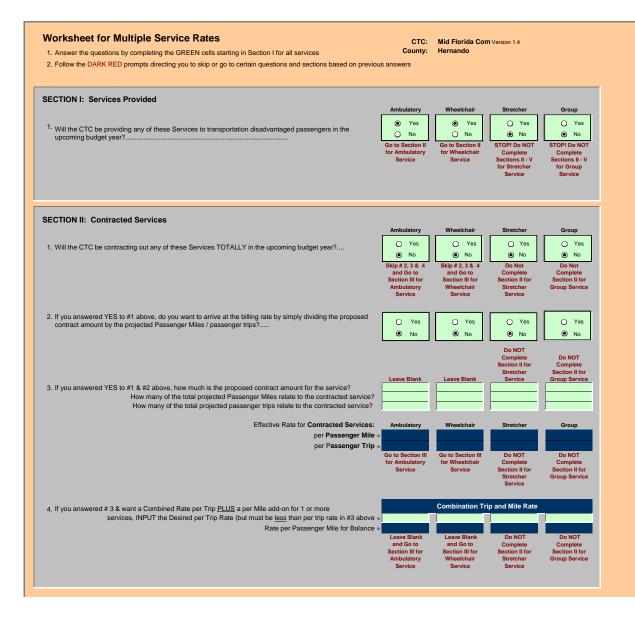

Deadhead

Operator training, and Vehicle maintenance testing, as well as

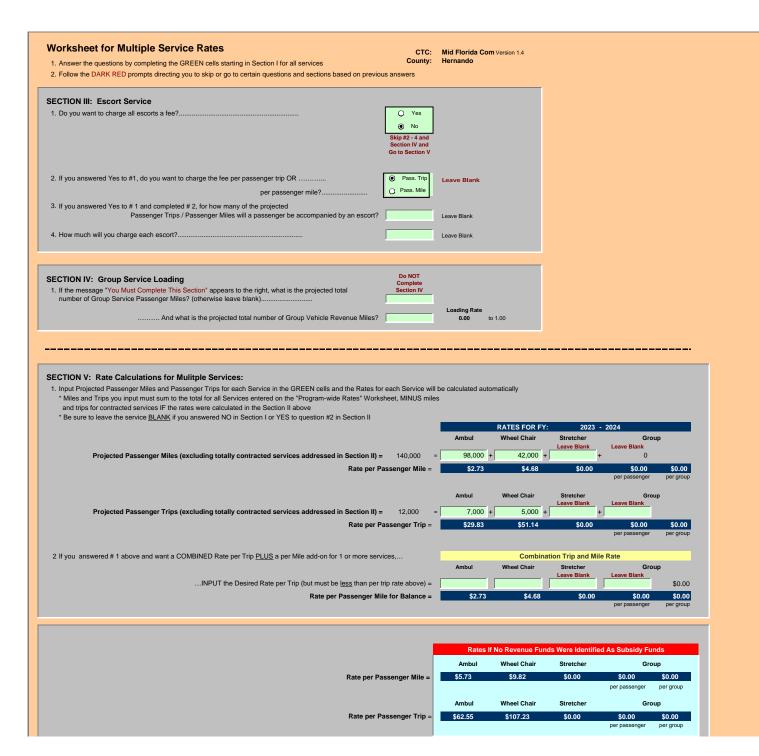

School bus and charter services.

Passenger Miles (PM)

The cumulative sum of the distances ridden by each passenger.
