Danielle's Story

In 2023, Danielle, a 21-year-old single mom, was referred to the Hope Florida – A Pathway to Prosperity initiative and immediately connected with a Hope Navigator.

Danielle shared with her Hope Navigator that she had been working at a company for two years, but had been laid off after requesting maternity leave. Due to her sudden unemployment, she was unable to pay for baby items, her cell phone bill, and car insurance.

Danielle's Hope Navigator utilized the rolodex of local community partners to contact the Second Chance Society, who was able to cover her car insurance bill.

Next, the Hope Navigator sent out an alert for the outstanding needs through CarePortal. A member of Hollywood Community Church saw the CarePortal request and provided Danielle with a baby monitor, diapers, wipes, and paid her outstanding cellphone bill.

Danielle's Hope Navigator was able to assist by removing her most immediate barriers. The Hope Navigator is now working hand-in-hand with Danielle to achieve her long-term goal of becoming a dental Assistant, pointing her towards a path to self-sufficiency.

What are Hope Navigators?

Hope Navigators help individuals identify their unique and immediate barriers to prosperity, develop long-term goals, map out a strategic plan, and work to ensure all sectors of the community have a 'seat at the table' to be a key part of the solution. Additionally, Hope Navigators help identify and organize opportunities for Floridians who wish to help their neighbors by partnering with faith organizations through CarePortal and by connecting community members, including Florida seniors, with volunteer opportunities.

¿Qué es Hope Florida?

Hope Florida- Un camino hacia la prosperidad, iniciado por la primera dama DeSantis, utiliza los navegadores de Hope para guiar a quienes residen en Florida en un camino personalizado hacia la prosperidad y la autosuficiencia económica enfocándose en la colaboración comunitaria entre el sector privado, la comunidad basada en la fe, las organizaciones sin fines de lucro y las entidades gubernamentales para romper los silos comunitarios tradicionales, maximizar el apoyo y revelar oportunidades.

¿Qué son los navegadores de Hope?

Los navegadores de Hope ayudan a las personas a identificar sus barreras únicas e inmediatas para la prosperidad, a desarrollar objetivos a largo plazo, a desplegar un plan estratégico y a trabajar para asegurar que todos los sectores de la comunidad tengan "un lugar en la mesa" para ser una parte clave de la solución. Además, los navegadores de Hope ayudan a identificar y organizar oportunidades para quienes residen en Florida y desean ayudar a sus vecinos asociándose con las organizaciones de fe mediante el CarePortal y conectando integrantes de la comunidad, incluidas las personas mayores, con oportunidades de voluntariado.
