I understand that Hernando County Development Services Department staff and contracted agents are performing a walk-through visual inspection of the above residence. This inspection is to ascertain the scope of damage impacts sustained from Hurricanes Helene and Milton. The information collected will be evaluated and aid in compliance reviews of Hernando County, State and Federal regulations, including Substantial Improvement/Substantial Damage. The inspection may not be all-inclusive and may not detect structural deficiencies. This inspection is not intended to replace inspection by qualified licensed building contractors, engineers, or insurance adjusters.
